Application Deadline: R01: New - February 5, June 5, October 5 annually; Renewal, resubmission, revision - March 5, July 5, November 5 annually.

Amount: Up to 500,000 per year.

Length of Support: Up to five years.

Eligible Applicants: Public and State controlled institutions of higher education. See the full announcement for a complete list of eligible applicants.

Summary: The National Institutes of Health (NIH), through the participating Institutes, Centers, and Offices listed above, invite applications in support of research on mind-body interactions and health. "Mind-body interactions and health" refers to the relationships among cognitions, emotions, personality, social relationships, and health. A central goal of this program is to encourage interdisciplinary collaboration and innovation towards understanding the processes underlying mind-body interactions and health as well as towards the application of such basic knowledge to interventions and clinical practice in the promotion of health and the prevention or treatment of disease and disabilities.
