Amount: *R01:* Up to \$500,000 per year. *R03:* Up to \$50,000 per year. *R21:* Up to \$275,000 per award.

Length of Support: *R01:* Up to 5 years. *R03, R21:* Up to 2 years.

Eligible Applicants: Institutions of Higher Education; Nonprofit, for-profit, and regional organizations; Small Business; State Government; U.S. Territory or Possession; Tribal Governments and Organizations; Hispanic-serving Institution; Historically Black Colleges and Universities; Tribally Controlled Colleges and Universities; Alaska Native and Native Hawaiian Serving Institutions; Regional Organization; Eligible agencies of the Federal government; Faith-based or community based organizations.

Agency/Department: NIH; NIAAA

Summary: The funding opportunity (FOA) provides support for research on the effects of alcohol-related public policies on health, economic, and social behaviors and outcomes. The purpose of the FOA is to advance understanding of public policy pertaining to alcohol as a tool for improving public health and welfare. Specific objectives are to provide support for (a) studies of the effects of alcohol-related public policies on specific health, economic, or social behaviors and outcomes; (b) evaluations of policy measures as means of improving health outcomes; (c) analyses to elucidate the behavioral linkages through which alcohol-related policies affect intervening attitudes or behaviors that ultimately affect health-related behavior or outcomes; and (d) research to advance methods and measurement used in studying relationships between alcohol-related public policies and health-related behaviors and outcomes.
