Application Deadline: February 2, 2009; August 3, 2009

Amount: Not Listed

Length of Support: Not Listed

Eligible Applicants: Universities and Colleges. For a complete list of eligible applicants see the full announcement.

Agency/ Department: National Science Foundation

Summary: This funding opportunity supports large-scale, long-term Centers that create the intellectual, organizational and physical infrastructure needed for the long-term advancement of Science of Learning research. It supports research that harnesses and integrates knowledge across multiple disciplines to create a common groundwork of conceptualization, experimentation and explanation that anchor new lines of thinking and inquiry towards a deeper understanding of learning. The goals of the Science of Learning Centers Program are to advance the frontiers of all the sciences of learning through integrated research; to connect the research to specific scientific, technological, educational, and workforce challenges; to enable research communities to capitalize on new opportunities and discoveries; and to respond to new challenges.
