

Grant Title: U.S. SCIENCE AND MATHEMATICS EDUCATIONAL REFORM

Area of Research: Science and Math Education Reform

Deadline: N/A

Amount: Not listed

Length of Support: Not listed

Eligible applicants: Not listed

Agency/ Department : Agilent Technologies

Summary: Agilent is committed to improving U.S. K-12 science and math instructional quality. We believe that middle and high-school science and math classrooms should have content and pedagogy trained teachers and that each elementary school teacher should have the skills needed to successfully teach science and math. We support policy and programs at the national, state and local level promoting: high standards that define learning goals for student achievement; rigorous assessments that measure progress vs. standards; strict accountability for students and schools; high standards for teacher skills and achievement; effective programs to increase teacher availability; increased presence of underrepresented groups in the teaching profession.
