Foundation: William T. Grant Foundation

Summary: The foundation’s William T. Grant Scholars Program supports, over a five-year period, promising post-doctoral researchers from diverse disciplines. Priority research areas are youth development; improving programs, policies, and institutions affecting young people; and adults’ use of evidence and their views of youth. The foundation focuses on young people ages 8-25, and is particularly interested in research that is inter-disciplinary; examines young people in social, institutional, community, and cultural contexts; and addresses questions that advance both theory and practice.
